### Discount Amounts

**5% DISCOUNT**

Tactile, Sensory,  
Interactive

The discount is calculated in PostalOne!® and applied to the postage statement at the time of mailing. The 5% discount is deducted from the postage amounts of qualifying product categories that are paid at the time of mailing. Normal postage prices listed in the published Price List (Notice 123): apply to the mailing and the discount is applied to those prices.

\*Only one promotion discount can be applied to a mailpiece or mailing. The use of multiple qualifying features on or within a mailpiece will not increase the discount amount. Inbound pieces for the IMbA Promotion are considered their own mailing. The outbound mailing distributing the QBRM pieces is eligible to receive a discount if it meets the requirements for one of the other promotions.

## 1B Promotion Process

- Design your **mailpiece**
  - Select a specialty ink, sensory treatment, or interactive element to integrate with your mailpiece.
  - Ensure eligibility by following the requirements for [Specialty Inks](#), [Sensory Treatments](#), and [Interactive Elements](#).
- Create a **Service Request** via the **Mailing Promotions Portal** and **upload** a sample of the piece. Print relevant information from the Service Request to mail along with your mailpiece to the Promotions Office for **approval**.
  - Request access to the Mailing Promotions Portal if you have not previously signed up. For instructions, visit: <https://postalpro.usps.com/promotions/portal>.
  - Mail** the sample of your final mailpiece to the Promotions Office's PO Box at least one week before mailing.
  - Wait for **USPS to review and approve**. We'll respond within four business days from the date the mailing was received, and we may have a few revisions to ensure that you qualify for the discount.
  - Receive approval via email and the Mailing Promotions Portal.**
- If you haven't already registered, sign up for the **Tactile, Sensory, Interactive Promotion** on the **Business Customer Gateway**. Make sure to do this at least two hours before sending your mail. [Visit the Business Customer Gateway for more details.](#)
- Prepare your postage statements and submit them electronically.** Remember to claim your discount when you file your mailing using the correct two-letter characteristic code or the dropdown in PostalWizard:
 

**SS** Tactile, Sensory, Interactive (5% discount)
- Send your mailing and include your a hardcopy sample** for mail acceptance. Remember to keep a hardcopy for your records.
- Watch your customer engagement rise.**

As the Mailing Promotions Portal continues to evolve, please note that USPS reserves the right to adjust the sample process.

# PROMOTION DETAILS

## Mailpiece Sample Review Process

To qualify for the promotion, mailers must first create a Service Request via the Mailing Promotions Portal and upload a PDF preview of the piece. They must then provide the Promotions Office with final hardcopy samples of mailpieces. Final samples should:

- Include all of the mailpiece contents, with individual parts numbered and labeled
- Be mailed alongside any relevant printed information from the Service Request
- Be mailed to the Promotions Office post office box one week prior to the first mailing

If the final mailpiece samples cannot be submitted prior to the first mailing, they should be submitted at the earliest possible date, and no later than 7 days after initial mailing. If samples are received after the initial mailing and the Promotions Office finds that they do not meet the requirements, any discount on mailings that are already submitted would be reversed.

## Optional Preliminary Review Process

**If final mailpiece samples cannot be submitted a week before mailing**

In this case, mailers may submit a prototype, mock-up, or prior year sample of the treatment they plan to use. Mailers will still need to submit a final sample, but submitting these preliminary materials for review will ensure that the proposed use falls within the program requirements and does not jeopardize discount eligibility.

## Post Approval/Changes to Design

If there are substantial changes to the mailpiece content or the treatment after submission, the mailpiece will need to be reviewed again. Ongoing successful participation often requires the mailer to maintain quality control of the print production process throughout the promotion period. The Promotions Office conducts ongoing audits. Pieces identified as not meeting the requirements will result in USPS® reversing the discount.

## Specialty Inks

Catch their eye with something unique

### Specialty Inks Requirements

#### Eligible specialty inks

The specialty inks must enhance the engagement and value of the mailpiece. Unique properties of specialty inks must be both visible and distinguishable on paper. Inks that are absorbed into the substrates so that the applied ink is not visible and distinguishable to the TSI Promotions Office do not qualify.

Qualifying inks may include but are not limited to:

##### Conductive inks

Conductive inks are used to print circuits that can be used to activate an electronic device. These inks often contain metals such as copper and are printed onto paper and substrates like any other ink. Printed components can include elements such as tiny, flexible batteries that power the printed circuits. Users press a “button” to close the circuit, and can activate other devices, such as lights, sound chips, or other electronic sensors and components.

##### Leuco Dyes/Thermochromics

Change color in response to temperature variations.

##### Photochromic

Changes color with UV light exposure.

##### Optically Variable Ink

Contains metallic materials that change appearance when viewed from different angles.

##### Piezochromic

Change appearance under pressure.

##### Hydro chromic

Changes appearance when exposed to water or liquids.

##### Metallic Ink\*

Metallic ink is a varnish or vehicle containing metallic particles. Common metals used to manufacture metallic ink include copper, aluminum, bronze or zinc. When metallic ink is printed and left to dry, the metallic particles rise to the surface, reflecting light and creating a metallic sheen.

\* Replicate metallic ink is allowed if it is visible and distinguishable while reflecting light and creating a metallic sheen.

#### Non-Eligible ink treatments

If the specialty ink looks like a photo and is not distinguishable as one of the eligible inks, it does not qualify.

The treatment must create an effect to stand out in the mailbox and must be visible and distinguishable to the recipient.

## Sensory Treatments

Awaken the senses with  
Scent, Sound, and Taste

### Sensory Treatments Requirements

A variety of paper substrates lend themselves to use of unique treatments that trigger sensory engagements. Sensory treatments fall within five basic categories: Scent, Sound, Taste, Visual, and Textural. To be eligible for the promotion, the treatments must relate to or enhance the message of the mailpiece.

#### Examples of Sensory Treatments treatments

##### Scent

- Paper infused with scent (e.g., catnip, fresh bread)
- Calls to action that enhance the mailpiece's value with scent
- [Scent on the outside of the envelope is now being considered for this promotion. Questions regarding scent can be sent via the \[Mailing Promotions Portal\]\(#\).](#)
- Ambient scented coatings
- Scents can be microencapsulated or applied with a varnish technique, but cannot be applied to an opening mechanism
- Scents cannot contain unpleasant odors

##### Sound

- Paper that incorporates a sound chip/speakers (e.g., motorcycle engine sound)

##### Taste

- Paper that incorporates edible components

##### Visual

- Holographs
  - Can be applied as a sticker (minimum size 2" x 2") if it is part of the mailpiece and integrated into mailpiece messaging
- Lenticular

##### Textural

Paper surfaces that are coated, made of unique materials, or that incorporate surface treatment techniques to create a sensory experience. The treatment must create an effect to stand out in the mailbox and must be visible and distinguishable to the recipient. Some treatments (such as soft touch and embossing) may require higher quality paper, coatings, or cardstock to be implemented in a way that meets the requirements.

#### Popular treatments include:

- Grit or leather texture
- Glitter or gloss (minimum of 2" x 2" or 4 square inches)
- Soft touch texture
- Embossing
- Non-geometric-shape die-cuts
- Trailing edge die cuts (TED-C)
- Gloss varnish or gloss stock
  - Gloss treatments must enhance the value of the mailpiece in order to qualify. Laminated postcards are not eligible.

#### Excluded treatments include:

- Linen embossed paper stock
- Laminated postcards
- Stickers (except for holograph treatments)
- Geometric-shaped die cuts

## 5% DISCOUNT

### Interactive Elements

Give customers a creative way to engage with your mail

### Interactive Element Requirements

To qualify for the discount based on interactive elements, mailpieces must engage recipients through dynamic effects using folds and other dimensional enhancements. Simple folds such as half folds, tri-folds, gate folds, iron cross, and accordion folds do not qualify. The mailpiece must include elements that the recipient can physically manipulate (i.e., twist, spin, dial, pull, bend, etc.).

#### Eligible Examples

- 3-Dimensional
- Pop-ups
- Scratch-off
- Infinite folding
- Clean release cards
  - Minimum card weight of 7-point gloss card stock
  - The card must be detached or glued
- Perforated pull open strip (zip strip) opening mechanism
  - Minimum 7-point die strike
  - Perforated pull-open strips located at the top of the envelope do not qualify

#### Non-Eligible

- Stickers (except holograph)
- Reveals
- Snap packs, perforated stubs, and tear stubs

Samples enclosed within the envelope are not eligible for the TSI Promotion. Samples include, but are not limited to: coins, fabric, greeting cards, dream catchers, etc.

### Some Final Reminders

- Information and resources will also be posted online at: <https://postalpro.usps.com/promotions>.
- Discounts must be claimed at the time of mailing during the promotion period and cannot be rebated at a later date.

### Pre-Approval Reminders

- Request access to the **Mailing Promotions Portal** if you have not previously signed up. For instructions, visit: <https://postalpro.usps.com/promotions/portal>.
- Log in to the Portal and select **Submit Mailpiece Pre-approval**. Complete all fields and upload your PDF samples.
- Any final mailpieces that deviate from the prototypes, mock-ups or examples submitted for pre-verification will be subject to the loss of the discount.
- If the prototype is not approved in writing prior to entry date, the mailing will not qualify for the discount.
- Pre-approval notification from the Portal is for the technology implementation only. The mailpiece must also satisfy all of the remaining requirements in this document to qualify for the promotion discount.
- Past acceptance/approval in prior year promotions does not guarantee acceptance/approval in current year promotions. Please review this document to ensure that the mailpiece meets all 2023 Program Requirements.

### Promotion Reminders

**The discount must be claimed at the time of mailing during the promotion period and cannot be rebated at a later date.**

To claim the discount for mailings submitted via mail.dat or mail.xml:

- For the 2023 **Tactile, Sensory, Interactive Promotion**, populate the Characteristics Record (CCR) file with the two-letter characteristic SS for eligible 5% Tactile, Sensory, Interactive.
- One of the parties in the by/for of the postage statement must be registered for the promotion.

# MAILING SUBMISSION AND ACCEPTANCE

## MAILING SUBMISSION REQUIREMENTS

**The discount must be claimed at the time of mailing during the promotion period and cannot be rebated at a later date.**

\*Only one promotion discount can be applied to a mailpiece or mailing. The use of multiple qualifying technologies and/or print treatments on or within a mailpiece will not increase the discount amount. Inbound pieces for the IMbA Promotion are considered their own mailing. The outbound mailing distributing the QBRM pieces is eligible to receive a discount if it meets the requirements for one of the other promotions.

### A Documentation/Postage Statement

Mailings must be submitted electronically via Mail.dat and Mail.XML or Postal Wizard. Mailings that are prepared and entered by an entity other than the mail owner must indicate the owner's identity in the electronic documentation ("eDoc"). The eDoc must identify the mail owner and mail preparer in the By/For fields by Customer Registration ID (CRID), Mailer ID (MID) or Permit number. Participants will be required to affirmatively claim this promotion in the "Incentive Claimed" section on electronic postage statement submissions certifying each mailpiece meets all eligibility requirements.

To claim the discount for mailings submitted via Mail.dat® and Mail.XML™, the Component Characteristics Record (CCR) file **MUST** be populated with the appropriate **two-letter characteristic code or it must be selected on PostalWizard in the dropdown.**

Tactile, Sensory, Interactive (5% Discount)

### B Combined and Commingled Mailings

The promotion discount can be applied to qualifying pieces within a combined or commingled mailing, but the qualifying mail must be submitted on separate postage statements or by mailpiece version.

Only one promotional discount will be applied per mailpiece version (identified by MPU Mail Piece Unit and MPU Segment ID). In a commingled mailing, which may contain multiple mail owners, a mailpiece version must be created for each mail owner. The incentive can be claimed independently for each using the CCR file. If needed, mailers may continue to use either the CSM Postage Group ID or the .mpa Customer Reference ID in order to create separate child statements for the pieces which are eligible for incentives. If a mailer is using the customer reference ID to create separate statements a unique MPA record must be created for pieces which are claiming incentive rates.

Further technical information can be found in the USPS® Mail.dat Technical Specifications

<https://postalpro.usps.com/mailing/techspecs>

If **PostalOne!** issues arise during the promotion period and prevent the timely finalization of Postage Statements within PostalOne! system, please follow the instructions in the **PostalOne!** Contingency Plan posted on PostalPro.

<https://postalpro.usps.com/node/852>

### C Mailing Date

Mail must be tendered for acceptance during the promotion period. Promotion eligible mailings must be finalized in PostalOne! no earlier than 12:00:00 AM Central Time the day the promotion starts and no later than 11:59:59 PM Central Time on the last day of the promotion.

Plant-Verified Drop Shipment (PVDS) mailings that are verified and paid for during the promotion period and qualify for the promotion will be accepted at destination entry postal facilities 15 calendar days after the promotion end date. (PS Form 8125). A PVDS mailing that qualifies for the promotion cannot have verification or the actual drop ship occur prior to the first day of the promotion. Any qualifying mailing that is accepted and paid for prior to start of a promotion is not eligible for the promotion discount.

# MAILING SUBMISSION AND ACCEPTANCE

## D Postage Payment Method

The eligible postage payments are:

- Permit Imprint
- Precanceled Stamp Permit
- Meter Permit
- OMAS and “Official Government Mail”
- Every Door Direct Mail (EDDM) that is deposited at a Business Mail Entry Unit (EDDM Retail mailings are ineligible)

## E Meter Mail/Precanceled Payment Option

Meter mailers who wish to claim the incentive must affix the appropriate reduced promotion amounts. Mailers must select the appropriate Postage Affixed Method option as follows:

- If mailer is eligible for an VAR/CVAR for Meter Mail: all options are available (Lowest, Correct and Neither)
- NonVAR/CVAR Meter Mail: Only “Neither” is an option
- Precanceled: Only “Neither” is an option.

Any net postage due for the mailing must be paid from an advanced deposit (permit) account.

Scan the QR Code or click the link below to access the meter mail price chart. Please note that the processing categories listed in the chart only apply to the eligible mail classes listed in this promotion guidebook.

<https://postalpro.usps.com/promotions/Promotion-and-Incentives-Pricing-Chart>

All existing requirements around mail preparation and acceptance as they are described in the Domestic Mail Manual (DMM) remain in place. Please refer to [http://pe.usps.gov/text/dmm300/dmm300\\_landing.htm](http://pe.usps.gov/text/dmm300/dmm300_landing.htm) for more information.

# MAILING SUBMISSION AND ACCEPTANCE

## REQUIREMENTS AT MAIL ACCEPTANCE AND POST-MAILING

### CHECKLIST

- Mailer must provide a hard copy sample mailpiece at BMEU
- Mailer must retain a sample mailpiece for USPS® post-mailing sampling

To claim the discount, participants must provide a hard copy unaddressed mailpiece sample at the time of mail entry to the Business Mail Entry Unit/acceptance clerk. This applies unless other sample submission options specified in the promotion requirements are applicable.

If a mailing agent submits promotional mailings from multiple mailers, a hard copy sample of each mailer's mailpiece must be presented to BMEU. All mailings are subject to standard acceptance and verification procedures and may be inspected for use of mobile print technologies, images, directional copy, and more.

### A Seamless Acceptance

Mailers participating in Seamless Acceptance must follow the process applicable to their situation to submit mailpiece production samples.

#### Facing Slip Requirement for All Seamless Acceptance Mailpiece Samples

For all promotion production samples submitted by seamless acceptance mailers, the production sample must be attached to a facing slip that contains the following information: Promotion claimed, Mailer name, Mailer CRID and Job ID.

#### Mail entered at DMU

For seamless mailers who use a DMU for mail entry, when a USPS clerk is not present, the mailer should deposit production samples with facing slips in an inbox or other agreed upon place. USPS clerks will collect the samples when they visit the DMU and will bring them back to the BMEU to hold for audit purposes.

#### Mail entered at a BMEU with no BMEU clerk present

If no Postal employee is available at the time the mail is deposited at the BMEU, the promotion participant should forward production samples, with a facing slip for each, to the BMEU via mail. Samples can be bundled and sent in batches on a weekly basis.

#### Mail drop shipped from a DMU

When a USPS clerk is not present at the DMU, the participant should deposit production samples with facing slips in an inbox or other agreed upon place. USPS clerks will collect the samples when they visit the DMU and will bring them back to the BMEU to hold for audit purposes.

# MAILING SUBMISSION AND ACCEPTANCE

## Mail drop shipped from other locations

In this scenario the participant has two options.

- The participant can hold production samples and deposit them at the BMEU when other mailings are taken to the BMEU or the mailer can,
- Follow the steps above and mail batches of samples with facing slips to the BMEU on a weekly basis.

## Mail entered via postal transportation from mailer facility

If the mail is coming from a DMU, the participant should deposit production samples with facing slips in an inbox or other agreed upon place. If the mail originates from an as-needed DMU, the participant has two options.

- The participant can hold production samples and deposit them at the BMEU when other mailings are taken to the BMEU or the participant can,
- Follow the above steps.

## **B** Using the Self Service Terminal (SST)

Mailers participating in the promotion and presenting mail using the Self Service Terminal (SST) will see the message below on the screen and must certify the agreement on the screen and submit a mailpiece sample and postage statement to the BMEU clerk.

*This mailing has been identified as participating in an incentive program.  
By clicking OK, I certify that I am tendering a production mailpiece sample and  
postage statement to the acceptance employee for verification.*

## **C** Post Mailing Requirements

The Promotions Office will conduct a sampling of mailpieces collected at Business Mail Entry Units to verify that submissions meet program requirements. The Postal Service® reserves the right to pursue a revenue deficiency for mailings that do not meet ALL program requirements and to unenroll the mailer from the program or restrict participation in future promotions.

Additionally, all mailers who receive the discount must retain all hard copy mailpieces for 90 calendar days after the promotion end date and if requested by the Postal Service, must forward the sample to the Promotion.
